NRE 540
GIS for Natural Resources Applications

http://www-personal.umich.edu/~sjbrines/nre540

NRE 540 is a 2 credit project-based course ideal for graduate students or advanced undergraduate students who would like to develop and expand their existing skills and knowledge of GIS and spatial analysis. Students take a project from start to finish. The class will begin with developing the idea of a good project to undertake during the class, which can be (but does not have to be) a portion of thesis/dissertation research or a master's project. Students are welcome to discuss project ideas with the instructor prior to fall semester.

OFFERED: Fall 2004, Mondays & Tuesdays 3-5:30pm, 3325 Dana.

PRE-REQUISITE: "NRE 420: Principles of GIS" (or equivalent, e.g. UP 406) or permission of instructor.

INSTRUCTOR: Shannon J. Brines, Environmental Spatial Analysis Lab, sjbrines@umich.edu, 763-3573, 3315a Dana.
